

April 2020

AMOS Group supply ALCONA PPE to the World's Largest Independent Owner of Containerships

AMOS Group is pleased to announce a 3-year contract as the Primary supplier of ALCONA Personal Protection Equipment (PPE) for the Seaspan global fleet of vessels. Seaspan's core PPE items will be delivered to strategic ports in Europe and Asia through AMOS Group's logistics, warehousing and preferred partners.

Seaspan have chosen to source their PPE requirements through AMOS Group as a Single Source Solution, with most of the PPE items being selected from AMOS' own ALCONA CrewGear range of equipment. ALCONA represents a Singapore designed brand providing AMOS customers stable pricing, standardization of product quality and features, and most importantly, safety and durability which is paramount for the well-being of crews.

The roll out of the PPE items will begin in April 2020, linking with Seaspan's provisioning and technical stores supplied from AMOS into a seamless and integrated supply chain.

Mr. Andrew Ward, SVP of Sales and Marketing at AMOS Group, stated "We are happy to further develop our relationship with Seaspan. AMOS Group's solution approach to PPE supply, helps streamline the supply chain and reduces the headache of dealing with a multitude of vendors. As a forward-looking operator, Seaspan have embraced the benefits of collaboration and AMOS Group have delivered real cost savings while standardizing products and improving quality."

AMOS Group are further expanding our ALCONA brand offering, with Packaged Solutions for daily consumables such as cleaning supplies, bedding & towels and lighting consumables.

AMOS Group
