AMOS GROUP LIMITED Signs Rooftop Solar PPA with URBAN RENEWABLES for Group's headquarters in Singapore.

SINGAPORE, 24 March 2021 — SGX-listed **AMOS GROUP LIMITED** has signed a long-term Power Purchase Agreement (PPA) with sustainable energy developer, **URBAN RENEWABLES** to provide the Group with clean solar energy sourced from a solar PV rooftop project which will be installed at the Group's headquarters in Singapore.

Fulfilling its commitment to make its business more sustainable, **AMOS GROUP LIMITED** has dedicated its rooftop for the installation of a 300 kWp solar project. **URBAN RENEWABLES** is contracted to supply the solar power and will own and manage the solar asset.

The solar energy PPA is a part of a long-term sustainability roadmap which **AMOS GROUP LIMITED** has developed. As part of the partnership, **URBAN RENEWABLES** will also provide free EV Charging stations, under the **URBAN CHARGE** brand, at the Group's headquarters and will further implement energy efficiency improvements.

"We are excited to form a long-lasting partnership with a competent and reliable player in the industry like Urban Renewables. This is an important milestone in our pursuit to reduce our CO2 output and to improve our overall sustainability. This is also in-line with AMOS GROUP's key sustainability goals namely to increase energy efficiency, increase the proportion of renewables in its energy supply, buy in more green power, and offset unavoidable carbon emissions. Everyone has a role to play in contributing to climate action, and we see it as our responsibility as a company to act now," said Venkatraman Sheshashayee, acting CEO of **AMOS GROUP LIMITED**.

"We are very proud to participate in the sustainability initiatives of leading companies active in the maritime & offshore energy industry like AMOS GROUP and to assist them in their efforts to curb their carbon footprint. This project demonstrates how corporations have an increasing impact in shaping clean energy markets and how they can lead by example to help the energy transition in their industry and in Singapore," said Edgare Kerkwijk, Managing Director of **URBAN RENEWABLES**.
